

**CUSTOM PACKAGING**

We are an American packaging company that has been actively providing high-quality packaging solutions to global beauty and skincare brands since 2006. With our headquarters in Florida and our own manufacturing facility in China, we offer our clients the best of both worlds. By operating locally, we are better able to communicate with our clients and understand their markets, while having an overseas manufacturing facility allows us to offer better quality and better production times at better prices.

### OUR PROMISE

We prioritize excellent customer service and prompt communication, we are always open and honest about what can and cannot be done, we will never promise something we cannot deliver, and we ensure that we always act in the best interests of our clients.

### OUR PRODUCTS

We offer both stock and custom packaging products. Our stock products are carefully curated and kept on-hand in our Ft. Lauderdale warehouse, while our custom products can be made, finished, and printed to meet the unique look of your brand.

# CONTENTS

CUSTOM	03	DROPPERS	53
ACRYLIC	04	CAPS/CLOSURES	54
AIRLESS	25	TUBES	55
PETG/PET/PP	37	OTHER	58
GLASS	45	BAMBOO/WOOD	59
ALUMINUM	49	IN-STOCK	60

We know that one of the keys to your success is being able to stand out in a crowded marketplace. To help you do this, and to help create a look that is unique to your brand, we offer a full range of customization options for your packaging.

### TOOLING

We offer a USA-based engineering team and support for quick design, unit tooling or mass production tooling. We have a deep knowledge base and long history in the industry, so we can support your team and bring added value and innovation to your projects.

### MATERIALS

From thin wall to thick wall, our materials knowledge, coupled with our history and experience in the packaging industry, allows us to guide you to not only the lowest cost materials, but to also assist in finding material options for everything from decoration considerations to chemical resistance issues.

### DECORATION

We offer a full range of printing options, including silk screening, offset printing, water and heat transferring, hot and foil stamping, U/V coating, and laser etching. We also offer many different finishing options for you to choose from, including in-mold color, inner and outer sprays, metallization, embossing and debossing, and spray finishes like pearl, matte, soft touch, glossy, and frosted.

DISC CAPS ARE AVAILABLE IN A WIDE RANGE OF SIZES AND FINISHES.

In addition to our standard tubes, we also offer two unique and interesting styles — one features innovative functional heads and applicators, while the other features an airless pump system.

### FUNCTIONAL TUBES

For a really unique look, and added usefulness, these custom functional tubes feature a dazzling assortment of unique heads and applicators - such as, roller-balls, brushes, massage-rollers, silicon applicators, and variable speed vibrating motors.

### AIRLESS TUBES

With an airless pump system, these tubes are loved by consumers for their ability to cleanly and conveniently dispense your product, while also protecting your formulations from contaminants and serving as a cost-effective and more environmentally friendly alternative to standard packaging.

Our standard tubes are available in a wide range of shapes and diameters, with many different tip, head, or cap options to choose from.

### SCREW CAPS

### FLIP-TOP CAPS

### SNAP-ON CAPS

### CENTER - DISPENSING

### PUMP CAPS

### SPECIALTY CAPS

## TUBE SIZING

Tube heads are available in a wide range of shapes, diameters and tips.

As an industry-leading packaging solutions provider, we offer a wide range of specialty & custom mold packaging options, as well as applicators in various sizes and materials. Whether you're creating a complete packaging product, or just want to dress up an existing container, we can create packaging for your unique design, and our engineers are here to help you every step of the way,.

We offer bamboo and wood options as decorative and functional elements in your packaging. These are great options for organic products, for brands that are dedicated to using sustainable materials, or for brands that are looking for a way to give their product a distinctive, elegant, and innovative look.

We love and stand by our custom packaging solutions, but we also understand that not every brand is looking for a fully customized product. For those customers, we offer a wide collection of ready-to-ship stock packaging.

#### CAREFULLY CURATED

Our team monitors the marketplace to identify packaging trends, and then carefully selects the most up-to-date and popular items to add to our stock packaging collection.

#### LOCATED IN THE USA

All of our stock items are kept at our warehouse in Fort Lauderdale, Florida. This means that all items are ready to ship as soon as they're ordered, and reduces shipping cost, time, and complexity.

#### LOW COST / LOW MINIMUMS

Our stock items are available by the case, and don't come with the setup and tooling costs of our custom products. This means they're perfect for newer and smaller brands, or for brands that don't yet need a fully custom product.
